Superintendent's Highlights

Grace Koehler, fifth grade teacher Wendell Elementary received the Presidential Award for Excellence in Mathematics and Science. Karen Osman, Wendell Elementary Principal, received Advocate of the Year from School Counselors Association.

Wendell Middle School staff has completed several technology training sessions that will enable the staff to receive the technology certification. The school received a \$25,000 grant for implementing Accelerated Reading in Grades 6-8. Teachers have developed a scope and sequence for each curricular area and are completing the curricular guides for the subjects. Three eighth grade students won first, second and third prize in the Young Author's contest. Wendell High School participated in "MATHFAX", a national math competition. The school had a team for algebra II and advanced math. The algebra II team placed 4th in their division, and the advanced math team placed 2nd in their division and 17th nationally.

Progress Towards Meeting District Goals

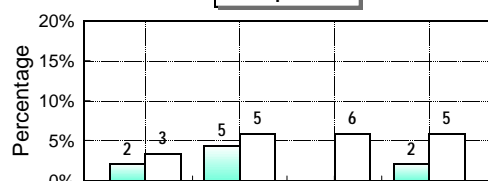

1998-99 Goals	Progress
To increase Reading proficiency and math skills for all students.	Early intervention by providing Reading recovery and Literacy groups for grades 1-2. Waterford Early Reading Program Level 1, all kindergarten students daily. Language Arts workshops for all staff.
Internet access to provide up-to-date resources for all subject areas.	Additional Pentium computers have been added to classrooms and labs along with networking all classrooms to internet.
To integrate technology into the classroom through student access to laptop computers for use at school and home.	Wendell Middle School received Goals 2000 funds to purchase 17 laptops for classroom use, thus enabling students to have access to computers in the classroom. Middle School teachers wrote curriculum guides for 5 subject areas which correspond to the district guides that were developed for K-12 this year. These guides will be used to develop instruction that will meet student needs and increase academic achievement.
To align the high school curriculum with standards and testing.	Each subject area has defined the major concepts and identified the goals and objectives. The assessment tools and
To integrate technology with curriculum.	resources have also been defined. This is a two to three year project and only year one has been completed.
